

March 25, 2008

Mayor Chuck Reed
San Jose City Hall
200 East Santa Clara Street
San Jose, CA 95113

Dear Mayor Reed:

We are elated to be located in downtown San Jose. Not only are there many great restaurants and shops within walking distance, we are conveniently located near the airport and can provide multiple commute opportunities for our staff and visitors.

Our move process began in earnest in September 2007 as the final designs for our 3rd and 4th floor space at 333 W. San Carlos Street (Riverpark Towers) were finalized. We had been warned that obtaining various permits might be the gating item to our aggressive move in date of late October.

Meeting our move in date was only achieved due to the exquisitely efficient group permitting process provided by the City of San Jose. One meeting with all of the various permitting agencies allowed us to shortcut the timeline allowed for such activities and provided a one-stop place to not only present the plans but to explain who we were as a business and our purpose. The meeting was only about an hour long.

We thank the City for providing this efficient process and warmly welcoming us to downtown San Jose.

Sincerely,

A handwritten signature in cursive script that reads "Christine Munson".
