

Bay Area Asphalt & Cement Works

At the October 26, 2004 City Council Meeting, Mayor Ron Gonzales and Council Member Cindy Chavez will recognize and commend Bay Area Asphalt & Cement Works and its president, Mr. Scott Kolander, for choosing our community and for the benefits it provides to our residents and our economy through jobs and revenues that help make San José the best city to work, live, and play.

Bay Area Asphalt & Cement Works is a San José company recognized by the Business Journal as one of Silicon Valley's fastest growing companies which started in the 1980's with \$120,000 in contracts and has increased to over \$8 million in contracts and achieved this through dedicated repeat customers and referrals by providing quality workmanship, attention to detail and excellent customer service.

Bay Area Asphalt & Cement Works is an outstanding example of a local business that participates in the Enterprise Zone Hiring Credit program by providing excellent jobs with good wages to unskilled labor, that celebrates and rewards employee teamwork and has done more than its part to keep families working.

Bay Area Asphalt & Cement Works is an example of a San José company that provides the critical infrastructure that allows the larger companies to operate successfully within our community, by assisting the big companies to maintain their campuses, keep the community attractive and assist with keeping their properties accessible to the disabled community.
