4:00 to 6:00 pm

Program at 5:00 pm
Featuring toasts,
Remarks by San Jose Mayor
Chuck Reed, and a guided
tour of the website

Music by Cosmic Funk

ABOUT SILICON VALLEY PROSPECTOR

Silicon Valley Prospector is a new on-line tool providing an interactive, searchable, easy-to-use repository to post and search commercial property listings. It also enables site selectors to conduct detailed demographic analysis of those properties, including retail activity, make-up of the labor force, household income, breakdowns by industry cluster, and much more.

The Prospector is located on "Silicon Valley's Homepage," www.siliconvalleyonline.org, a website provided by Joint Venture and the Silicon Valley Economic Development Alliance. The Prospector will be the largest of its kind in California, the fruit of a new collaboration between cities and brokerages under the auspices of Joint Venture.
